PROFILE

Passionate and detail-oriented Front-End Developer specializing in Angular with a strong foundation in HTML, CSS, and JavaScript. Experienced in building responsive and dynamic web applications with a focus on clean design and performance. Skilled in backend development using ASP.NET Core, with hands-on experience in creating practice and live demo projects. Enthusiastic about expanding into full stack development and collaborating with teams to deliver seamless, user-focused digital experiences.

WORK EXPERIENCE

Forntend Developer
Persistent Solutions, Karachi

- Developed responsive and dynamic interfaces using Angular, ensuring cross-browser compatibility and modern UI/UX practices. Collaborated with designers and backend developers on user-focused features, gaining hands-on experience in full-stack development workflows and team collaboration. Also explored Microfrontend architecture for modular and scalable web applications.

.NET Core Development

- Proficient in ASP.NET Core Web API development with experience in creating RESTful APIs, performing CRUD operations, and implementing clean architecture using DTOs. Skilled in API documentation with Swagger and integrating backend APIs with Angular frontend. Confident in backend development concepts with practical experience through multiple projects.

  Tools: Visual Studio, Postman, Git, .NET CLI

Persistent Solution   2024 - 2025

- Passionate and detail-oriented Front-End Developer with 1.5 year of experience at Persistent Solutions. Specialized in Angular with a strong foundation in HTML, CSS, and JavaScript. Skilled in building responsive, user-friendly, and high-performance web applications. Experienced in integrating frontend with RESTful APIs and familiar with backend development using ASP.NET Core. Enthusiastic about expanding full-stack capabilities and contributing to scalable, modern, and user-focused digital solutions.
